

A stylish, full colour magnifier, Prisma connects to a standard TV and allows you to view text in enhanced reading modes or photographs in full colour. As a versatile, portable product, Prisma folds into a compact, highly transportable configuration weighing just over 1kg. A wide and varied range of tasks can be performed such as needlework, model making and drawing.

#### FUNCTIONS

**Mode control:** Full colour display mode and positive and negative enhanced reading modes.

**Magnification:** Controlled by moving the adjustable arm as needed. Capable of 35X magnification on 14" TV screen.

**Focus control:** An easy to adjust focus knob refocuses the image

**Brightness control:** Varies the brightness while in negative mode

**Illumination:** Discrete LED illumination helps in low ambient light conditions.

**Writing mat:** To facilitate ease of writing with Prisma.

**Carry case:** A stylish and robust carry case is provided for storing and transporting Prisma safely.
