Professional Certificate Programme in Individualised Education Plan (IEP)

The Quest for Highly Qualified Teachers:

Teaching children with special needs is not an easy job. Teachers face tremendous challenges of controlling students' maladaptive behaviour, maximizing learning and assessing their success in class. One cannot expect good result in this matter, unless he/she prepares himself/herself with good teaching strategies.

Imagine a learning environment that mobilises individual strengths and enhances well-being and performance in innovative ways. These are the results of applying individual education plan. Considering the demand of the teachers to teach the students with disabilities in inclusive school, this professional certificate programme on "Individualised Education Plan (IEP)" has been designed. Without proper IEP, no teacher can succeed in class with special need children.

The Professional Certificate Programme on IEP provides a foundation in the functional teaching and training beyond to 3Rs (reading, writing and arithmetic) in inclusive education settings. It brings together the understanding and achieving of special need education to promote optimal and least restricted learning environments.

About the Professional Certificate Programme

This is the first certificate programme of its kind in India, and is ideal for participants who are new to Inclusive Education or may have already undertaken some special education and rehabilitation education for students with disabilities. The Professional Certificate brings academic rigour to your learning. Offered under the Continuing Rehabilitation Education (CRE) programme of the Rehabilitation Council of India (RCI), the teaching team provide a strong mix of theory and practical teaching experience. The importance of an evidence-based, systems perspective to working in education is emphasised throughout in the programme.

The programme consists of five thematic areas:

1. The basic concepts and formulation of Individualized Education Plan (IEP), by involving multi-disciplinary team.
2. Assessment for functional and academic level performance including Cognitive Process Inventory (CPI) for students with specific learning disabilities, Functional Behavioural Analysis for diagnosis of mental health performance and Multiple Intelligence Test for instructive teaching planning.
3. Evaluation of academic excellence considering the accommodation, modification and restructuring to develop the least restrictive environment within the school community for students with special needs.
4. Developing the Schedule, Teaching Plan and Rubric Plan for desired output of objectives for successful and joyful schooling.
5. Involving parents, community and their empowerment.

On successful completion of the Professional Certificate, you may gain 30 CRE points along with easy assistance in applying for a renewal of registration of Rehabilitation Professional/Personnel with RCI

Delivery mode and time commitment

Each thematic area will be delivered intensively, in 5-days sessions during **April 8 to 12, 2015 (9:30 am to 5:30pm)**

Assessment

Your assessment includes verbal presentations, written reports, and interactive exercises that will help you directly apply the theory and exercise your learning in to your work in the classroom or school community.

Senior Mentors of the Programme

Mr. Vikram Dutt

Mr. Vikram Dutt is the President of Manovikas Charitable Society and inclusive and special education consultant. His international honours include '500 Intellectuals to Influence Contemporary Thought' and 'Man of the Year' and 'Man of the Decade' Awards, all from USA.

Very recently, he was decorated with the 'Family Values Award' given by the Church of Jesus Christ of Latter Day Saints. It is an award which has been earlier given to Heads of State (Presidents) and Heads of Religious Missions. He is the first Indian to be so decorated. This was on 10 October 2014.

Dr. Nimesh Desai

Dr. Nimesh Desai is the Director of Institute for Human Behaviour and Allied Science (IHBAS). He is one of the leading Psychiatrist in the Country with vast experience in dealing Mental Health and behavioural issues.

Training Experts

Dr. Alok Kr. "Bhuwan"

Dr. Alok has received his Doctorate degree in Special Education and Master in Rehabilitation Science and Special Education. He has wide-range of experience in developing IEP and educational evaluation system.

Dr. Alok is the Member of the Global Clinical Practice Network, WHO for Mental and Behavioural Disorders. He has received the 'National Spandan Award' for the Best Rehabilitation Professional of the year 2014.

Ms. Geetu Dhawan

Ms. Geetu Dhawan is the Coordinator of Manvik and teaching faculty of Diploma Course at MIHE. She has significant knowledge and experience in developing curriculum and teaching methodology for students with special needs including children with specific learning disabilities, ADHD and other developmental disabilities.

Programme Coordinator

Mrs. Indira Alok

Mrs. Indira is the Principal of Manovikas School for Inclusion. She received her M.Ed. Special Education from the Utkal University and Professional Certificate from Roehampton University. Ms. Indira's experience and expertise in managing quality of life for people with disabilities helps them towards independent living. She has received Women International Network Award, in service of challenged persons.

Other Teaching Staff

A variety of experts will be involved in the delivery of this professional certificate including staff from Manovikas School for Inclusion and Manvik who are leading the way in Special Need Education. Experts in policy and curriculum development/pedagogy will also be involved in the program delivery.
