

# ASSISTIVE TECHNOLOGY FOR ALL 2030

Improving access to quality and affordable assistive technology  
for **EVERYONE, EVERYWHERE**

To facilitate development of the  
assistive technology sector in  
India and making India a global  
powerhouse for assistive technology

**August 2-3, 2019**  
**NIMHANS Convention Centre, Bengaluru, India**

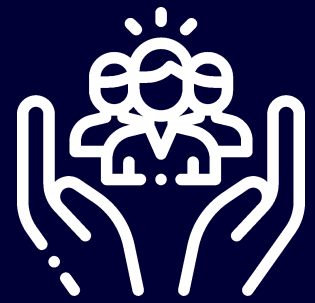

## Key Facts

Today, over one billion people need Assistive Technology (AT), yet 90% do not have access to the AT they need

AT is an umbrella term covering the systems and services related to the delivery of assistive products and services

Access to AT is crucial for people with loss of function, people with disabilities or non-communicable diseases and the ageing population

By 2050, over two billion people will need some form of AT in order to go to school, get a job, or play a full role in their families or communities

# 500 +
